

Exceedingly Fast with Exceptional Playback and Burning Ability

Buffalo's new 16x External Blu-ray™ Drive is ideal for users seeking the best playback and burning performance of Blu-ray™ discs, DVDs, or CDs.

Buffalo Technology's BRXL-16U3-EU is ready-to-go with very simple setup and the CyberLink™ software suite. CyberLink™ gives users tools for optimal enjoyment of Blu-Ray™ movies as well as the ability to create and burn HD and 3D content.

Buffalo's new 16x External Blu-ray™ Drive also makes periodic data backups and archive creation quick and simple with BDXL support for extra-large capacities of 100 – 128GB. At home these extra-large capacities translate into approximately 17,060 pictures (6MB each) or 1,000 minutes of HD video (AVCHD).

Whether used for data backups, or entertainment, or both, Buffalo Technology's new 16x External Blu-ray™ Drive is ready with simple set up and gives users exceptional playback and burning ability.

BRXL-16U3-EU

Features and Benefits

- Problem-free and fast read/write speeds for huge amounts of data
- Easy Solution for periodic data backups and archive creation
- Blu-ray™ 16x write achieves 22.56GB written in 8 minutes 21 seconds to BD-R media
