Kensington®

Lock Module for SD7000 and SD6000

Secure your Surface Pro when docked

K62918WW

Product Description

The ultimate locking solution for the ultimate docking solution, the Kensington Lock Module for SD7000 and SD6000 is a complete security system that secures the Surface Pro (or Surface Go/Go2 for SD6000) as well as the docking station. MicroSaver® 2.0 technology makes this solution small, yet extremely tough.

Features

- Locks the Surface Pro to the SD7000 (or Surface Go/Go2 to the SD6000) Docking Station, and locks the docking station to a desk, table, or any fixed structure

- One key unlocks the device and cable from the dock

- Patented Hidden Pin™ Technology supports anti-pick tubular lock

- Carbon steel cable resists cutting attempts

- Independently verified & tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion, key strength and other environmental conditions

- Register & Retrieve™ program allows you to order replacement keys
