**Print like you mean business** Wide-format printing designed for teams that demand precision and scale. Print up to A3 with the world's first wide-format printer with P3 colour. Stay protected with HP Wolf Pro Security, our advanced security solution built right in.. HP Instant Ink eligible

Dynamic security enabled printer Certain HP printers are intended to work only with cartridges that have a new or reused HP chip or electronic circuitry. These printers use dynamic security measures to block cartridges using a non-HP chip or electronic circuitry. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. Reused HP chips and electronic circuitry enable the use of reused, remanufactured, and refilled cartridges.
