■ Illuminated Keyboard

Blue LED backlight is bright and evenly distributed backlit keys, easy typing in lower light environment. Ideal for studio work, office. The backlit can be turned on and off.

■ 2x Large Print

The large 2X size black print on blue LED keys provide excellent contrast and larger appeal over tradional keyboards that have small white letters on dark black keys.

■ Choc Keycaps

Low profile switches, quiet design, reduced travel distance, and provide spacing between the keys to avoid pressing on the wrong keys; large printed letter on the keys for more visibility while typing.

■ Internet / Multimedia Hotkeys

Provide one-touch access to your most frequently used programs, the Internet and your Multimedia Controls.
