

G2LU3CAM01-GY

Charge & Sync Pro - USB-C™ to USB-A Cable, 3 Ft.

- Connect your USB-C™ devices to standard USB-A devices with this 3 Ft. cable
- Anodized aluminum shell provides superior durability over the standard USB Type-C™ cable
- Heavy duty, tangle-free design – suited with a braided-nylon fiber cable jacket
- Charges USB-C devices (phone, tablet)

Charge & Sync a New USB-C™ Device to Your Existing USB-A Devices

USB Type-C has the capability of integrating charge, sync, video and USB functions into a single port, but with all change, comes a period of transition. IOGEAR's Charge & Sync Pro - USB-C™ to USB-A Cable, makes this transition easier by allowing you to connect all your USB-C devices such as the Samsung Galaxy S8, S8 Plus, MacBook® and Chromebook™ Pixel to standard USB-A devices.

The New Universal Standard

USB Type-C™ is the latest universal standard in connectivity. Compared to earlier generations of USB connectors, USB-C has a slim profile connector to support ultra-thin laptops and tablets. Although USB-C has a low-profile design, it packs a big punch when it comes to speed and power, boasting lightning fast data transmission speeds and power transmission. [Learn more about USB-C](#)

Connect Your USB-C Devices to USB-A Devices

If you have purchased a new USB-C laptop or device, you are probably having a hard time using it with your other standard USB devices (hard drives, chargers, etc.). With the Charge & Sync Pro - USB-C™ to USB-A Cable, you'll be able to do just that. The cable supports data transfer as well as charging output so that your USB-A devices are now compatible with USB-C ports.

- Connect your USB-C™ devices to standard USB-A devices with this 3 Ft. cable
- Anodized aluminum shell provides superior durability over the standard USB Type-C™ cable
- Heavy duty, tangle-free design – suited with a braided-nylon fiber cable jacket
- Charges USB-C devices (phone, tablet)

Requirements

USB-C-Enabled System

Package Contents

- 1 x G2LU3CAM01-GY
- 1 x Warranty Card
