DVSM-PT58U2VB

MediaStation DVD Writer

Buffalo Technology's MediaStation DVD writer (DVSM-PT58U2VB series) is a slim portable solution for reading and writing CDs and DVDs. Buffalo's DVD writer even writes M-DISC™ DVDs – currently the most archival and long-lasting disc media available, expected to last 1,000 years!

The DVSM-PT58U2VB is perfect for laptop and netbook users who travel frequently or home or office users looking for a small, unobtrusive, and elegant solution. The lightweight, compact, and slim design means it easily and comfortably fits into any travel bag.

Buffalo Technology's MediaStation DVD writer is USB powered, and with integrated USB cables, an AC adapter is not required.

The DVD drive also comes complete with Cyberlink Software which enables writing content to CD-Rs and DVDs, making it the perfect solution for anyone on the move.
