Wireless Charging

Remove the clutter from your desk with the wireless charging ability of the 10,000mAh Power Bank Ultimate. Designed for Qi-enabled devices, the built-in 10W Qi wireless charging feature takes the word remote to a whole new level, eliminating the need for cables.

Equipped with Fast Charge

With up to 12W fast charging, the USB-A port on the power bank ensures your devices are fully powered in no time.

The Power of USB-C

The USB-C 10,000 Power Bank Ultimate is the perfect travel companion, capable of charging up to three devices simultaneously. With a maximum power output of 15W from the USB-C port, the power bank can easily fast charge your devices to ensure your devices are powered up again in no time.

Durable and Portable

Crafted from Soft Touch Rubber (ABS) the 10,000mAh Power Bank Ultimate is designed to be durable, lightweight and portable. The ideal device to carry in your backpack, luggage or neatly on your desk, this power bank eliminates the hassle of finding the closest power outlet and carrying multiple cables or adapters.
